

Mull Rally **Progress**

Statement from Mull Car Club Ltd.

We are very pleased to inform you that the Government Proposals to allow Closed Road Motorsport in Scotland are now available for Public Consultation.

This means we are now able to discuss all options and ideas for Mull Rally in the future.

We are sorry if you have been bombarded with this from other sources, but the car club felt that this is of such huge interest and benefit to the Island that we must try and reach everyone who resides here to act positively and make this happen whether you are a supporter of Motorsport or not.

The facts show that the rally does bring incredible financial benefit, as well as all the publicity, thus improving the viability of the Island moving forward.

The timescale is short, all responses MUST be in by Mon 28th January. The form is easily understood, please read it carefully as not all the questions require a positive response.

Once the consultation is complete, with the hoped for positive response, Mull Car Club Ltd, who are the organising club, together with the Guardians of Mull Rally, who are the Promoters, will be working together to bring back this famous rally to Mull. We hope that new initiatives will come to fruition and take the Mull Rally forward in the future.

Here is the link to the consultation document. You can respond on line, by e-mail or by post.
